

CELEBRATE CANADA DAY – KELOWNA 2022

Taste of Canada Marketplace Application

Vendor/Restaurant: _____

Contact Person: _____

Address: _____ City: _____

Phone: _____ Cell: _____ Email: _____

Vendor Unit Size (l x w): _____ Service: END / SIDE unit type: DRIVEABLE / TRAILER & HITCH
(Note: attach photo if possible)

Do you require Power for your unit: Yes / No If Yes, what type of plug (15/ 30 amp) _____

REMEMBER: BC Safety Authority governs use and access to power. As such, an electrician is required to connect and disconnect all power access for our event. We can provide access to power (although a limited supply is available) or you can bring your own genny but it cannot exceed 2000 watts as it then requires “grounding” per BC Safety Authority rules and we are unable to place grounding stakes in Waterfront Park.

We will be using SW Showtime for our production needs and they will supply a vendor power package just like we did in prior years for you to order power if needed. NOTE: Payments are made directly through SW Showtime for power access.

Celebrate Canada Day Festival Schedule:

July 1st 11:00 AM – 11:00 PM

Note: You must be on-site and operational from 11:00 AM until 10:00 PM to service our festival patrons. We welcome over 60,000 guests through the event site on this day so please plan accordingly.

Food Vendors will be approved based on a combination of "first come-first served" and desired product mix

Booth Space: approx. 15' x 15' space per vending booth; extra length is \$25.00/ foot.

Note: Booth spaces will be assigned by the Operations & Site Coordinator or their designate according to site needs and "best fit". Requests for "the same spot" as prior years will only be accommodated at discretion of the Operations & Site Coordinator. Placement is dictated by water or power access needs, as well as site considerations.

Cost per booth (incl. garbage disposal fee; power hook up is not included):

Please make cheques payable to **Festivals Kelowna**

- \$800 + GST = \$840 if received by April 1st - **EARLY BIRD RATE**
- \$850 + GST = \$892.50 if received by May 15th
- \$940 + GST = \$987.00 if received by June 15th (NOTE: cash or e-transfer only if payment rcvd at this deadline)

All fees are non-refundable and non-transferable

Set-up: We will aim to load-in the majority of our Food Vendors on *June 30th, after 6:00 pm*. Exceptions will only be made for those unable to load-in June 30th. On festival day, July 1st, you may begin set up at 8:00 AM and must be fully operational by 11:00 AM.

- Entrance to Waterfront Park will be made via the Rotary Marshes entrance on Sunset Drive
- Vendors will receive an email or phone call notifying them of their specific time for accessing the site for load-in
- **NEW** – we will create an offsite waiting area for vendors in order to avoid blocking Sunset Drive. Details will follow by the Site & Ops Director closer to event date

Take-down: Will commence after 10:30 PM and you should be completed by 12:00 AM, July 1st. **Vendors must remove all garbage from their stations and dispose in the designated food vendor dumpsters on site.** Please be reasonable with the quantity of garbage you leave behind as it only adds to the expenses for this free, community celebration.

As a condition of participation vendors must adhere to the following City of Kelowna requirements:

- Provide proof of valid IHA permit for current year – please scan, don't photocopy as it comes out black
- Proof of Kelowna Fire Inspection approval (note: Kelowna FD have an expedited process to assist with this)
- Provide a drop sheet to cover the ground for your booth space (including the area for customer service)
- A hand wash station must be provided for customers per Interior Health regulations
- You must provide a minimum of two large garbage cans per booth (please recycle!)
- A production company will supply event/vendor power. Generally, **we aim to limit the use of generators at this event due to noise and exhaust fumes.** A company representative will be onsite during and after vendor load-in to accommodate power supply connection. **Vendors are responsible for this fee.** You must contact the production company directly with your requirements no less than 2 weeks prior to the event. We will notify all approved vendors of the production company contact information when available.
- You are responsible for having CSA approved power cables, extension cords, and power cord coverings.

I accept the above stated conditions and do not hold Celebrate Canada Day-Kelowna, Festivals Kelowna, or its staff or volunteers, legally responsible for any loss, damage or theft incurred by myself, my employees or to my goods or equipment during this event. I understand that health and safety inspections will occur during the Festival and that I need to have all required permits and insurance present and current or I may be asked to shut down, and do not expect reimbursement for financial or product losses which may be incurred as a result.

Signature _____ Date _____

1. Please attach a complete list of all foods and products you will sell. Please include prices and note that *vendors are not offered product exclusivity*
2. Please make a copy and return both pages with:
 - a) Payment - E-transfers are welcome; cheques should be payable to 'Festivals Kelowna'
 - b) A copy of your Insurance (2 million minimum required) Note: Please be sure to add Festivals Kelowna as "Additional Insured for June 30th and July 1st, 2022"
 - c) Current Interior Health Short Term Food Premise Permit or confirmation you are on the "pre-approved mobile vendors" list (or in process of confirming)

Please mail or hand deliver application and support materials to:

Renata Mills, Executive Director
Festivals Kelowna
100- 1680 Water Street
Kelowna, BC V1Y 8T8 P: 250-868-3326 E: RMills@festivalskelowna.com

Note: You can email Renata Mills and submit your forms electronically so long as your payment is received in our office by the appropriate deadline to receive the noted vendor rate.

Let's Protect Our Environment and Reduce Our Carbon Footprint

As ever, in an effort to produce an environmentally responsible event Festivals Kelowna and our partners encourage steps to "Green" the event through development of a strong recycling and waste management program, avoiding the use of diesel or gas generators, and wherever possible, encourage using biodegradable or recyclable materials such as plates, knives, forks, napkins and beverage containers.

Through our research, we have determined the most successful way to create a positive impact will be to work together with our Vendors at the event. We welcome your thoughts and ideas regarding this initiative – if you are using environmentally friendly products we would like to hear about them.
